

# ESSENTIAL ATTRIBUTES OF A FEARLESS THINKER

In YSEVSD, we believe that our graduates are best prepared for careers, college, and global change/leadership when our students can:

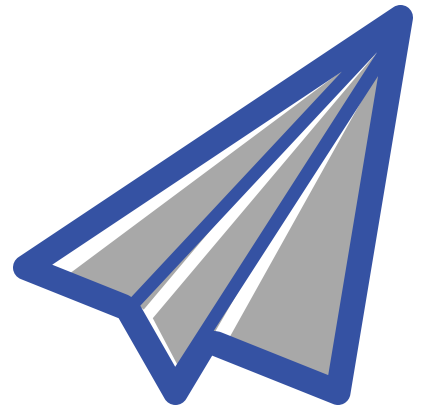

## AGENCY

Demonstrate the mindset and skills to confidently engage in and grow through one's current and future challenges.

## INNOVATION

Demonstrate an awareness of creative solutions in order to produce innovative responses to challenges faced in school and beyond

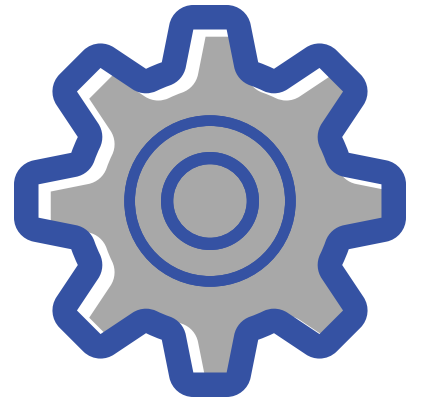

## ACADEMIC RIGOR

Demonstrate the curiosity, academic content, and critical thinking to acquire new knowledge, develop understanding, and make connections beyond the classroom.

## COLLABORATION

Demonstrate effective communication and productive teamwork to interact in diverse communities.

## PROFESSIONALISM

Demonstrate professional dispositions and practice appropriate societal norms to be successful in academic and professional settings.

# ESSENTIAL ATTRIBUTES OF A FEARLESS THINKER

Graduates of Yellow Springs High School will demonstrate mastery of core skills and knowledge in each discipline.

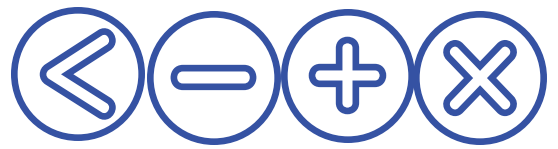

## LANGUAGE ARTS

Our graduates will be both imaginative and analytical communicators capable of actively engaging in text, pursuing knowledge, questioning ideas, expressing themselves, and engaging in discourse while negotiating an increasingly complex and information-rich world.

## MATHEMATICS

Our graduates will be logical thinkers, critical consumers of information and persistent workers in order to solve mathematical problems, explore mathematical models, in a variety of ways and representations.

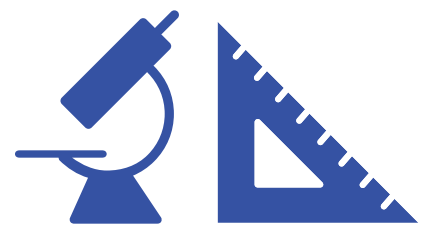

## PERSONAL WELLNESS

Our graduates will be empowered to sustain regular, lifelong physical activity and make informed, health conscious decisions as a foundation for a healthy, productive, and fulfilling life.

## SCIENCE & ENGINEERING

Our graduates will evaluate multiple perspectives, investigate a problem logically using a variety of technologies, acquire scientific knowledge to understand the world at a deeper level, participate in a collaborative community by sharing results, and use inquiry to address real world problems.

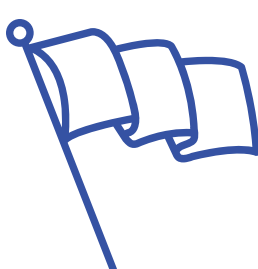

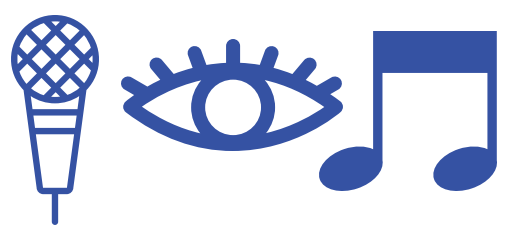

## SOCIAL SCIENCES

Our graduates will ask meaningful questions and analyze information to understand how social and historical forces have shaped our world in order to connect with contemporary issues and solve problems as engaged citizens.

## VISUAL AND PERFORMING ARTS

Our graduates will use the arts as a lens through which to view and interpret the world, and a language through which to creatively express that world.

## WORLD LANGUAGES

Our graduates will be able to communicate in languages other than English about their own products, perspectives and practices and those of other local and global communities, and demonstrate knowledge and understanding of other cultures.

In YSEVSD, we believe that our graduates are best prepared for careers, college, and global change/leadership.
